15-17 October 2025, Radisson Blu Hotel, Sopot

#WHAT TOMORROW BRINGS

WHAT IS THE EUROPEAN FORUM FOR NEW IDEAS?

The European Forum for New Ideas is one of the largest conferences in this part of the continent, dedicated to global trends, new ideas and the future of Europe.

Business representatives, charismatic speakers, leaders and policy-makers as well as authorities from the world of culture and science discuss the most important challenges for business and societies in a changing world, global trends and the future shape of the European Union during dozens of events, panel discussions, open meetings, counterpoints or night owl discussions.

Last year, the Forum gathered over two thousand participants - representatives of the world of business, science, culture and administration, Polish and European alike. The European Forum for New Ideas has been organised since 2011 by the Polish Confederation Lewiatan in cooperation with BusinessEurope and the city of Sopot.

XIV EDITION OF EUROPEAN FORUM FOR NEW IDEAS
